

## **Prior to Your First Check-up at Smile Artistry!**

During your New Patient Exam, our Dentists will be making a detailed assessment of your mouth health and giving recommendations to developing a personalised Dental Plan to address your concerns.

Your New Patient Exam is very different from a routine Check-up, as our Dentists will allow for up to one hour to spend with you, ensuring a thorough review of your health detects any developing problems.

Your own personalised Dental Plan allows our Dentists to sit down and co-ordinate not only Cosmetic and Smile concerns, but is a good opportunity to take a holistic approach to check the health of all your teeth and gums.

## **Your Dental Plan will then aim to create:**

- Strong Teeth
- Healthy Gums
- A Beautiful Smile!

## **Cost of Appointment**

**The Cost of your New Patient Examination will be \$220.** In most cases this will include over \$460 of value including Full Mouth Intra-oral X-Rays, Examination, Oral Hygiene Screening, but excludes Impressions and Models which are necessary in complicated cases.

## **The Next Steps ->**

**Step One: Further Imaging and Impressions for Bite Analysis** (If Required)

**Step Two: Treatment Discussion Appointment**

Following your our Dentists creating your Dental Plan, we will sit down and explain our recommendations. You will receive a detailed report and letter detailing recommended treatment and stages required.

There is no cost for your Treatment Discussion Appointment.

**Step Three: Treatment Begins!**
