

Teeth Whitening at Smile Artistry

Teeth Whitening will instantly rejuvenate your smile!

Teeth Whitening is Smile Artistry's way of enhancing and brightening your smile instantly. At Smile Artistry we use the Zoom™ Teeth Whitening System because:

- **Comfort** - At the Dentist - Teeth Whitening is Safe and Comfortable
- **Compliance and Convenience** - Good Results with minimal time required
- **Cost:** \$995.50 (Includes GST, and a Nite-White Home Whitening System)

Teeth Whitening has minimal side effects, in some cases causing temporary sensitivity of your teeth for the first 12-24 hours after your whitening procedure.

Who is whitening for?

Anyone over 18 years of age is a candidate, however any visible fillings, crowns, or veneers will not respond to whitening and it is recommended for our dentist to perform a Free Whitening Consultation before your whitening procedure to discuss this. Of course, before the whitening procedure you need to have clean, stain-free teeth, and healthy gums, so it is recommended to have your hygiene clean done 1-2 weeks prior to whitening.

The Process:

(1) Zoom™ In-Surgery Teeth Whitening

A One and a Half Hour visit with our Hygienist and your whitening is complete. Zoom™ utilises an intense light which activates the whitening gel in three processes of fifteen minutes duration.

A Complimentary Nite-White Whitening Kit ensures you can fortify and maintain the colour changes in the future by wearing the trays and NiteWhite™ Gel at home for 1-2 hours per day for 2-3 days after your six or twelve monthly cleans at the dentist.

Cost: \$995.50 includes GST and includes a Nite-White home whitening kit with customised trays

(2) Nite/Day White™ Home Whitening

Using very thin mouthguard trays made from moulds of your mouth with Nite-White Whitening Gels at Home you can whiten and brighten your smile. Home Whitening is not for everyone because after each application of whitening solution you will experience a degree of teeth sensitivity. This usually decreases rapidly, gone after 24 hours, is not painful, more an increased awareness of your teeth. The Gel and Trays are applied twice a day for 1-2 hours for 10-14 days.

Cost: \$579 includes GST

Teeth Whitening – Frequently Asked Questions

What appointments are required?

- First of all, a complimentary whitening consultation is recommended where our Dentists and Hygienists will ensure you will get a great result
- To maximise your Whitening Result, cleaning of your teeth is recommended before whitening, impressions will be taken to construct your home whitening trays
- Zoom™ Teeth Whitening will take only 90 minutes
- Follow-up Take-Home Whitening will maintain your whitening result in the future without the need to have the full in-surgery whitening treatment again

How much will it cost?

- Whitening Consultation are complimentary
- Zoom™ Advanced Power Teeth Whitening is \$995 inc GST
- Home Whitening alone is \$579 inc GST

How long will my whitening last?

- With 6-12 monthly At-Home Whitening Boosts, and a careful diet, you will maintain your bright, white teeth forever

Is this a painful procedure?

- All teeth whitening procedures will result in some mild discomfort/sensitivity for up to 24 hours after the whitening process
- This sensitivity is only temporary

Will whitening damage my teeth?

- Whitening will not change the structure of your healthy teeth and gums
- Whitening is a process which dissolves the stains which sit within the pores and tubules inside our teeth
- Un-healthy teeth, with active decay can be damaged if tooth whitening is performed. During your Whitening Consultation our Dentists will check to make sure you have no active decay or active gum disease which would indicate you are not suitable at that time for tooth whitening.
